Beautiful and private! This small complex is set back off the road in it's own little oasis, yet still a convenient commuter location. The unit itself is updated and very well kept - nothing to do but move in. The top floor boasts 3 bedrooms. The largest will easily fit your king bed and has private access to the full bathroom. The laundry is also conveniently located on this level. The main floor has a wonderfully updated kitchen open to the dining room and from there to the living room. Great open concept sight lines from one room to the next. This level also has a guest half bath and opens to the deck in the back yard. Find even more room on the ground level with an extra room that has it's own half bath. This could be used as a rec room, office, guest bedroom... There is room here for the entire family. Book your private showing today before it is gone!
